Care & Handling

1. Cut stems on an angle and remove any foliage below the water level.
2. Place in clean container with room temperature water.
3. For optimum vase life, ensure that the water is treated with specially formulated flower food (Chrysal RVB).
4. Display in a cool location away from heat sources, air conditioners, direct sunlight, and fruit.
5. Repeat steps 1-2 every 3 days.

Storage: 2-4°C (35-39°F) cooler 75-85% humidity
